## Product Description

### M8 Connectors 8 Pin with Moulded Cable A Code Male 1.5A 2M Cable Straight

#### Product Description

M12 connectors are typically made from high-strength materials such as nickel-plated brass, stainless steel, or durable plastics (like polyamide) for the housing. The contacts are usually made from gold-plated brass or bronze to ensure excellent electrical conductivity and corrosion resistance. Rubber or silicone gaskets and O-rings are used for sealing to achieve high ingress protection ratings.

## Company Profile

# ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors, Inductive Sensors, Capacitive Sensors, Photoelectric Sensors, Ultrasonic Sensors, Industrial power supplies, Industrial fieldbus, RFID recognition systems, Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices, and perfect after-sales service. Kronz's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.
