M8 Flange Connector ≤5mΩ Brass,gold-plated FPM/FKM

IEC 61076-2-104

- -25~+85
- Flange M8 4 Pin Connector, Rear Mounting M8 4 Pin Connector, IP67 M8 4 Pin Connector

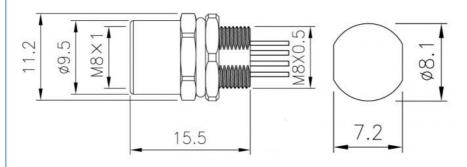

M8 Flange Connector Rear Mounting Straight IP67 4 Pin Pre-wired IEC 61076-2-104

Product Description

Panel mount connector widely used in the connection between various sensors (such as photoelectric, proximity, pressure, temperature sensors, etc.) and actuators and controllers.

The connector is required to have good stability and reliability and be able to maintain the accuracy of signal transmission during long-term operation. It may need to adapt to certain vibrations and shocks, and the protection level is usually higher, such as IP67 and above, to prevent dust, water vapor, etc. from entering.

The number of cores is available in various options, such as 3/4/6/8pin, etc. to meet different signal transmission needs.

Technical Data

Standard	IEC 61076-2-104			
Contact nut material	Brass, nickle-plated			
Contact surface material	Brass, gold-plated			
Contact carrier material	PA, black			
Housing material	Brass,nickel-plated			
Seal material	FPM/FKM			
Insulation resistance	≥100MΩ			
Contact resistance	≤5mΩ			
Pollution degree	3			
Ambient temperature	-25~+85			
Mating cycles	>100			
Degree of protection	IP67
