

## IP67 Pre Assembled M8 Sensor Connector With 15m PA / Black Cable Black Housing

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: M0803F-15/P00K
- Minimum Order Quantity: 50
- Price: TBC
- Packaging Details: Polybag packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 100000 pieces per month

KRONZ

#### Product Specification

- Contact Carrier Material: PA, Black
- Voltage: 60V
- Contact Surface Material: Brass, Gold-plated
- Insulation Resistance:  $\geq 100M\Omega$
- Contact Nut Material: Brass, Nickle-plated
- Cable Length: 10m, 15m
- Housing Material: TPU, Black
- Wire Color: 1=BN,3=BU,4=BK
- Highlight: **Black Housing M8 Sensor Connector,  
15m PA M8 Sensor Connector,  
IP67 M8 Sensor Connector**

KRONZ

## Product Description

### M8 Connector with Pre-assembled Cable 15m Sensor Connector 3-pin A-coding IP67

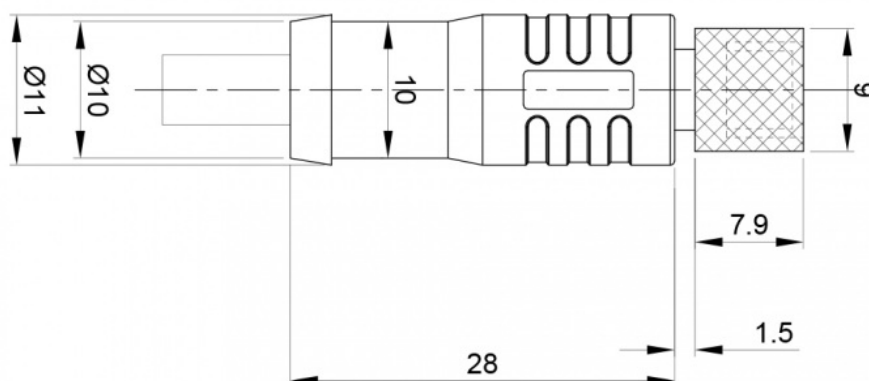

#### Product Description

The M8 Connector is a female connector that is suitable for use with a wide range of sensors and other devices. It features a coding of A, which ensures that it is easy to connect and disconnect, and is rated to operate in temperatures ranging from -25~+85. This makes it an ideal choice for use in a range of different environments, including those that are subject to extreme temperatures.

The M8 Connector has a degree of protection of IP67, which means that it is fully protected against the ingress of dust and water. This makes it an ideal choice for use in harsh environments where exposure to the elements is a concern. Additionally, the connector has a pollution degree of 3, which means that it is suitable for use in environments where there may be a moderate amount of pollution.

The M8 Connector is rated for a current of 3A, which makes it suitable for use with a wide range of different devices. Whether you are connecting sensors, actuators, or other devices, the M8 Connector is a reliable and high-performance option that is sure to meet your needs.

Overall, if you are looking for a high-quality, reliable, and durable threaded connector for use with sensors and other devices, the M8 Connector is an excellent choice. With its robust design, high-quality materials, and excellent performance, it is sure to meet the needs of even the most demanding applications.

#### Technical Data

Standard	IEC 61076-2-104
Contact nut material	Brass, nickle-plated
Contact surface material	Brass, gold-plated
Contact carrier material	PA, black
Housing material	TPU, black
Seal material	FPM/FKM
Insulation resistance	≥100MΩ
Contact resistance	≤5mΩ
Pollution degree	3
Ambient temperature	-25~+85
Mating cycles	>100
Degree of protection	IP67

Pin assignment	Wire color	Coding	Rated current	Voltage	Wire gauge	Cable outlet	Length	Model No.
	1=BN 3=BU 4=BK	A	3A	60V	3x0.25 (3x24AWG) PVC,black	Straight	15M	M0803F-15/P00K

#### Support and Services

The M8 Connector product comes with comprehensive technical support and services to ensure efficient and reliable operation. Our team of experts is available to provide guidance and assistance with installation, configuration, and troubleshooting of the M8 Connector product. We offer training programs to help you get the most out of your investment and ensure optimal performance. In addition, we provide maintenance and repair services to keep your M8 Connector product in peak condition. Our commitment to customer satisfaction means that we are always ready to help you with any technical issues or questions you may have.

#### Packing and Shipping

Product Packaging:

Each M8 Connector product will be packed in a small cardboard box.

The box will be labeled with the product name, quantity, and barcode.

Shipping:

All orders will be shipped within 3-5 working days of receiving the order.

We use reliable shipping carriers to ensure timely delivery.

Shipping charges will be calculated based on the weight and destination of the order.
