Product Description

M12 Connector 4-Pin Male Front Panel Mount Connector with 10M Black Cable Connectors

Product Description

The M12 Cable Connector is designed to withstand harsh environments, with a voltage rating of 250V and a housing material made of TPU, black. It is also resistant to chemicals, oil, and UV radiation, making it ideal for outdoor use. Additionally, this connector has a cable length of 10M, providing ample reach for various industrial applications.

Whether you need to connect sensors, actuators, or other devices, the M12 Cable Connector is an excellent choice. It provides a reliable and secure connection that can handle high-power and high-speed data transmissions. In addition to the straight cable outlet, a M12 angled cable connector is also available for applications where space is limited.
