

## 7/8" Connector Front Mounting 100 Mating Circular Connectors For Heavy-Duty

Our Product Introduction

For more products please visit us on [connector-industrial.com](http://connector-industrial.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: F7804M-0.5R/13.5
- Minimum Order Quantity: 5
- Price: Negotiable
- Packaging Details: Polybag packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 100000 pieces per month

KRONZ

### Product Specification

- Material: Brass
- Cable Outlet: Straight
- Ambient Temperature: -25~+85
- Contact Resistance:  $\leq 5\text{m}\Omega$
- Description: 7/8
- Contact Carrier Material: PA, Black
- Shielded: No
- Seal Material: FPM/FKM
- Highlight: Heavy Duty 7/8" Connector,  
100 Mating 7/8" Connector,  
Front Mounting 7/8" Connector

## Product Description

### Product Description:

The 7/8" Connector is a versatile and reliable product designed for heavy machinery and wind energy applications. With its thread specification of 7/8"-16UN, this connector ensures a secure and stable connection in demanding environments. Designed with coding A, this connector offers a standardized coding system for easy identification and compatibility with various equipment. The contact nut material of brass, nickel-plated, ensures excellent conductivity and durability, making it suitable for long-term use in challenging conditions.

Operating within an ambient temperature range of -25~+85 , this connector is built to withstand extreme temperatures, making it ideal for both indoor and outdoor applications. Whether it's for heavy machinery or wind energy systems, this connector can reliably provide connectivity in a wide range of environments.

With a pollution degree rating of 3, this connector is resilient against environmental factors such as dust and moisture, ensuring consistent performance even in harsh industrial settings. Its robust design and high-quality materials make it a dependable choice for critical connections in various industries.

In summary, the 7/8" Connector is a high-quality and durable solution for heavy machinery and wind energy applications. Its 7/8" circular connector design, combined with reliable coding and contact nut material, ensures secure and efficient connectivity in challenging environments. With its ability to operate in a wide temperature range and resistance to pollution, this connector is a dependable choice for industries that require reliable and long-lasting connections.

### Features:

Product Name: 7/8" Connector

Insulation resistance:  $\geq 100\text{M}\Omega$

Application: Industrial Automation

Material: Brass

Maximum Pressure: 150 PSI

Mating cycles: >100

# KRONZ

Technical Parameters:

Voltage	300V
Description	7/8"
Contact Nut Material	Brass, Nickel-plated
Degree Of Protection	IP67
Coding	A
Application	Industrial Automation
Seal Material	FPM/FKM
Maximum Pressure	150 PSI
Connection Type	Male
Contact Resistance	≤5mΩ

Applications:

The KRONZ 7/8" Connector is a versatile product designed for various Product Application Occasions and Scenarios. With its high-quality brass material and 7/8"-16UN thread, this Solar Energy Connector is ideal for use in solar energy systems where a reliable and secure connection is essential.

One of the key features of the KRONZ 7/8" Connector is its vibration-resistant design, making it perfect for applications where stability and durability are required. Whether it's in outdoor solar installations or industrial machinery, this connector can withstand harsh conditions and ensure a consistent and secure connection.

Manufactured in Guangdong, China, this CE-certified connector meets international quality standards and guarantees a safe and reliable connection. The brass housing material and nickel-plated finish provide excellent corrosion resistance, making it suitable for both indoor and outdoor use.

With a minimum order quantity of 5 pieces and a negotiable price, the KRONZ 7/8" Connector offers flexibility for various project sizes and budgets. The packaging details include polybag packing, ensuring that the connectors are well-protected during transit.

Thanks to its quick delivery time of 5-8 working days and multiple payment terms such as T/T, Western Union, and MoneyGram, customers can receive their orders promptly and conveniently. The supply ability of 100,000 pieces per month ensures a steady availability of the product for large-scale projects.

Whether it's for solar panel installations, industrial machinery, or other applications requiring a reliable and vibration-resistant connector, the KRONZ 7/8" Connector is a top choice. Its ability to withstand ambient temperatures ranging from -25 to +85 makes it suitable for a wide range of environments and scenarios.

## Support and Services:

The Product Technical Support and Services for the 7/8" Connector product include:

- Expert guidance on installation and usage
- Troubleshooting assistance for any issues
- Warranty support and product replacement services
- Regular updates and maintenance tips

## ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors, Inductive Sensors, Capacitive Sensors, Photoelectric Sensors, Ultrasonic Sensors, Industrial power supplies, Industrial fieldbus, RFID recognition systems, Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices, and perfect after-sales service. KRONZ's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

## Certifications

# Logistics and Payment

- 1. Samples and small orders can be shipped with fast shipment method, by air and by express. Bulk order will ship by sea, by air, by train, by truck etc.
- 2. We also can send the goods to your agent warehouse.
- 3. If you need any more shipping method, please feel free to contact with us.

**Note:**

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support. We Are Happy to Serve You.
