

## 480W Industrial Power Supply Essential For Industrial Electronic Accessory Applications

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: PRFT480-24A46
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Box Packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per month

**KRONZ**

#### Product Specification

- Mccb: Delixi/ ABB
- Leakage Current: 480VAC
- Protections: Short Circuit / Overload
- Protection: Overload, Overvoltage, Short Circuit
- Series: A Three-phase DIN Rail Power Supply
- Ip Grade: IP20
- Case Material: Metal (AL1100, SPCC)
- Voltage/Current: 24V/20A
- Highlight: Industrial Electronic Accessory Power Supply ,  
480W Industrial Power Supply ,  
Industrial Electronic Power Supply

## Product Description

### Product Description:

The Industrial Power Supply product is a high-quality and reliable solution designed for various industrial applications. With a voltage and current rating of 24V/20A, this power supply is capable of providing stable and consistent power to a wide range of equipment and devices.

Constructed with a durable metal case made from AL1100 and SPCC materials, this Industrial Power Supply is built to withstand harsh industrial environments, ensuring long-lasting performance and reliability. The robust design of the case provides protection against dust, moisture, and other external factors that could potentially impact the operation of the power supply.

Equipped with MCCB components from renowned brands such as Delixi and ABB, this Industrial Power Supply ensures enhanced safety and protection against overcurrent and short circuit situations. The MCCB feature adds an extra layer of security to prevent damage to connected devices and equipment, making it an ideal choice for critical industrial operations.

Part of the A Three-phase DIN Rail Power Supply series, this Industrial Power Supply is designed to meet the demanding power requirements of industrial systems and equipment. The DIN Rail mounting feature allows for easy installation and integration into existing setups, providing a convenient and efficient solution for powering industrial applications.

As a key component in the CCTV Accessories category, this Industrial Power Supply is specifically tailored to meet the power needs of CCTV systems and accessories. Its high efficiency design ensures optimal power conversion and distribution, enabling CCTV cameras and related equipment to operate smoothly and reliably.

Utilizing advanced DC/DC Converter technology, this Industrial Power Supply delivers efficient and stable power output at 24V, making it suitable for a wide range of industrial applications that require a high level of precision and control. The DC/DC Converter feature ensures minimal power loss and maximum energy efficiency, reducing operating costs and improving overall system performance.

In summary, the Industrial Power Supply with a voltage and current rating of 24V/20A is a versatile and high-efficiency power solution suitable for industrial applications that demand reliable and consistent power supply. With its durable metal case, MCCB protection, DIN Rail mounting capability, and advanced DC/DC Converter technology, this power supply offers a reliable and efficient power source for CCTV systems and other industrial equipment.

### Features:

Product Name: Industrial Power Supply

Input Voltage: 3x320-600VAC/450-800VDC

Housing Material: Metal (AL5052.SPCC)

Cooling Method: Fanless

Application: Industrial Automation, Control Systems

Model: IPS-15

KRONZ

KRONZ

Technical Parameters:

ADJ(V)	24-26
Power	480W
Protection	Overload, Overvoltage, Short Circuit

Purpose	Industrial Electronic Accessory
Leakage Current	480VAC
Ip Grade	IP20
Shell	Metal (AL5052,SPCC)
Input Voltage	320-600VAC/450-800VDC

## Applications:

KRONZ Industrial Power Supply model PRF480-48A30 is a high-quality AC/DC Converter designed for various industrial applications. With a power output of 480W, this Switching Power Supply (SMPS) is a reliable solution for powering industrial electronic accessories. Manufactured in Guangdong, China, this Industrial Power Supply is certified with CE, ensuring its quality and safety standards. The minimum order quantity is 1, and the price is negotiable, making it accessible for different industrial needs. The KRONZ IPS-15 Power Supply provides protection against overload, overvoltage, and short circuits, ensuring the safety of connected devices. The MCCB from Delixi/ABB enhances the overall reliability of the power supply system. With a supply ability of 1000 pieces per month, this Industrial Power Supply is suitable for a wide range of industrial settings. The product is packaged in box packing for secure transportation and has a delivery time of 5-8 working days. Payment terms for the PRF480-48A30 model include T/T, Western Union, and MoneyGram, providing convenient options for customers. The purpose of this power supply is to serve as a high-efficiency Industrial Power Supply 24V, meeting the power requirements of various industrial equipment.

## ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors, Inductive Sensors, Capacitive Sensors, Photoelectric Sensors, Ultrasonic Sensors, Industrial power supplies, Industrial fieldbus, RFID recognition systems, Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices, and perfect after-sales service. KRONZ's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

## OUR FACTORY

## Support and Services:

Our Industrial Power Supply product comes with comprehensive Product Technical Support and Services to ensure optimal performance and reliability. Our team of experts is available to assist with any technical inquiries, troubleshooting, and maintenance needs you may have. We offer product training, documentation, and software updates to keep your Industrial Power Supply running smoothly.

# Logistics and Payment

1. Samples and small orders can be shipped with fast shipment method, by air and by express. Bulk order will ship by sea, by air, by train, by truck etc.
2. We also can send the goods to your agent warehouse.
3. If you need any more shipping method, please feel free to contact with us.

## Packing and Shipping:

### Product Packaging and Shipping:

Our Industrial Power Supply is carefully packaged to ensure safe delivery to our customers. Each unit is securely placed in a sturdy cardboard box with ample cushioning material to prevent any damage during transit.

For shipping, we partner with reliable carriers to deliver your order in a timely manner. You can track your shipment using the provided tracking number once the order has been dispatched.

### Note:

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support. We Are Happy to Serve You.
