

85-264VAC/120-370VDC Input Voltage Industrial Power Supply With Metal Housing Material

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: PRF120-24A30
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Box Packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per month

KRONZ

Product Specification

- Installation: DIN Rail Mounting
- Output Power: 120W
- Over-current Protection: 230VAC, Rated Load
- Cooling Method: Fanless
- Safety Class: CLASS I
- Series: PRF480-xxA30
- Ip Grade: IP20
- ADJ(V): 23.5-28V
- Highlight: Metal Housing Industrial Power Supply,
264VAC Industrial Power Supply,
370VDC Industrial Power Supply

Product Description

Product Description:

The Industrial AC/DC Power Supply is a reliable and efficient solution for industrial applications requiring a stable power source. With an adjustable output voltage range of 24-26V and a wide DC input voltage range of 120-370VDC, this power supply ensures compatibility with various equipment and systems.

Equipped with short circuit and overload protections, this Industrial AC/DC Power Supply prioritizes safety and reliability in operation. The built-in safeguards help prevent damage to connected devices and ensure continuous power supply even in challenging conditions.

Designed for industrial environments, the IP20-rated enclosure of this power supply offers protection against solid objects and provides peace of mind in dusty or non-conductive settings. The robust construction ensures durability and longevity, making it suitable for demanding applications.

With an AC input voltage range of 85-264VAC, this High Efficiency Industrial Power Supply 24V is adaptable to various power sources commonly found in industrial settings. The wide input voltage range allows for flexibility in installation and operation, accommodating different power grid specifications.

Overall, the Industrial AC/DC Power Supply is a versatile and dependable option for powering industrial equipment and systems. Its adjustable voltage range, comprehensive protections, and high efficiency make it a valuable asset in industrial settings where stable and reliable power supply is essential.

Features:

High Efficiency Industrial Power Supply-24V

Industrial AC/DC Power Supply

DC/DC Converter

Product Name: Industrial Power Supply

Installation: DIN Rail Mounting

Protections: Short Circuit / Overload

Input Voltage: 3x320-600VAC/450-800VDC

Voltage/Current: 24V/20A, 48V/10A

Ip Grade: IP20

KRONZ

Technical Parameters:

Housing Material	Metal (AL1100, SPCC) And Plastic (PC940)
Cooling Method	Fanless
Series	PRF480-xxA30
Purpose	Industrial Electronic Accessory
DC Input Voltage Range	120-370VDC
ADJ(V)	24-26
Protection	Overload, Overvoltage, Short Circuit
Voltage/Current	24V/20A, 48V/10A
AC Input Voltage Range	85-264VAC
Installation	DIN Rail Mounting

Applications:

KRONZ High Efficiency Industrial Power Supply 24V is a versatile product designed for various industrial applications. With its reliable performance and durable construction, this switching power supply (SMPS) is an essential tool for powering industrial electronic equipment.

Manufactured in Guangdong, China, this Industrial DC Power Supply is certified with CE, ensuring high-quality standards and compliance with safety regulations. The minimum order quantity is 1, and the price is negotiable, making it accessible for both small and large-scale industrial operations.

The KRONZ Industrial Power Supply is suitable for a wide range of occasions and scenarios, thanks to its robust features and specifications. Its AC input voltage range of 85-264VAC and DC input voltage range of 120-370VDC allow for flexibility in different power supply setups.

With an IP grade of IP20, this power supply offers protection against solid objects and limited ingress of liquids, making it ideal for industrial environments where dust and moisture are present. The leakage current at 240VAC ensures safe operation and reliable performance.

Whether you need to power control systems, motors, sensors, or other industrial electronic accessories, the KRONZ Industrial Power Supply is a dependable choice. The supply ability of 1000 pieces per month guarantees a steady availability to meet your industrial power requirements.

Packaged in box packing for secure transportation, this power supply has a delivery time of 5-8 working days, ensuring quick access to the product when needed. Payment terms include T/T, Western Union, and MoneyGram, offering convenient options for financial transactions.

KRONZ

ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors, Inductive Sensors, Capacitive Sensors, Photoelectric Sensors, Ultrasonic Sensors, Industrial power supplies, Industrial fieldbus, RFID recognition systems, Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices, and perfect after-sales service. Kronz's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

OUR FACTORY

Customization:

Enhance your Industrial Power Supply with our Product Customization Services:

- Brand Name: KRONZ
- Model Number: /
- Place of Origin: Guangdong, China
- Certification: CE
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Box Packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per month
- Input Voltage: 3x320-600VAC/450-800VDC
- Application: Industrial Automation, Control Systems
- Voltage/Current: 24V/20A, 48V/10A
- ADJ(V): 24-26
- Protections: Short Circuit / Overload

Certifications

Support and Services:

Our Product Technical Support team is dedicated to assisting customers with any issues related to our Industrial Power Supply product. We offer comprehensive troubleshooting services to ensure that our customers can effectively utilize and maintain our product. In addition to technical support, we provide a range of services to enhance the performance and longevity of our Industrial Power Supply. These services include product installation assistance, maintenance guidance, and repair services to address any issues that may arise.

Logistics and Payment

1. Samples and small orders can be shipped with fast shipment method, by air and by express. Bulk order will ship by sea, by air, by train, by truck etc.
2. We also can send the goods to your agent warehouse.
3. If you need any more shipping method, please feel free to contact with us.

Packing and Shipping:

Product Packaging and Shipping:

The Industrial Power Supply product is carefully packaged to ensure safe delivery to our customers. Each unit is securely wrapped in protective packaging material to prevent any damage during transportation. The product is then placed in a sturdy cardboard box with proper cushioning to absorb any impact.

For shipping, we use reliable courier services to deliver the product to your doorstep in a timely manner. Our shipping partners are experienced in handling fragile equipment and will ensure that your Industrial Power Supply reaches you in perfect condition.

Note:

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support. We Are Happy to Serve You.
