KRONZ

7/8" Cable Connector With IP67 Degree Of Protection Industrial Circular Connector

Our Product Introduction

For more products please visit us on connector-industrial.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: M7803M-2/P00K
- Minimum Order Quantity: 5
- Price: Negotiable
- Packaging Details: Polybag packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 100000 pieces per month

Product Specification

- Degree Of Protection: IP67
- Cable Length: 2/5/10meter Or Customized
- Contact Carrier Material: PA, Black
- Pollution Degree: 3
- Wire Gauge: 3×0.15 (3×16AWG)
- Application: Industrial Automation
- Insulation Resistance: ≥100MΩ
- Connector Type: Straight
- Highlight: **7/8" Cable Connector**,
  Industrial Circular 7/8" Cable Connector

Product Description:

The 7/8" Connector is a high IP rating industrial connector designed for industrial applications that require reliable and secure connections. This metal shell industrial connector is built to withstand demanding environments and ensure optimal performance.
With a voltage rating of 600V, this connector is suitable for high-power applications where a strong electrical connection is essential. The contact surface material of this connector is made of brass, gold-plated, ensuring excellent conductivity and resistance to corrosion for long-lasting durability.
Whether you need a straight or angled connector, the 7/8" Connector offers versatility to accommodate different installation requirements. Its design allows for easy and secure connections in various configurations, making it a versatile solution for a wide range of industrial applications.
Although not shielded, this connector provides reliable performance and is suitable for applications where shielding is not a critical requirement. The seal material used in this connector is FPM/FKM, providing a tight and secure seal to protect the connection from environmental factors and ensure reliable performance in challenging conditions.
Overall, the 7/8" Connector is a high-quality industrial connector that combines durability, reliability, and performance. Its robust construction, high voltage rating, brass and gold-plated contact surface, and FPM/FKM seal material make it a versatile and reliable choice for industrial applications that demand a strong and secure connection.

Features:

Product Name: 7/8" Connector
Pollution degree: 3
Application: Industrial Automation
Rated Current: 8A
Ambient temperature: -25~+85
Description: 7/8" Cable Connector

KRONZ

KRONZ

Technical Parameters:

Contact resistance	≤5mΩ
Description	7/8" Cable Connector
Wire color	1=GN/YE,2=BN,3=BU
Cable Outlet	Straight
Pin	3 Pin
Insulation resistance	≥100MΩ
Voltage	600V
Contact Carrier Material	PA, Black
Degree Of Protection	IP67
Thread Type	7/8" - 16UN

Applications:

KRONZ 7/8" Cable Connector is a versatile industrial Ethernet connector suitable for a wide range of applications. With its durable housing material made of black TPU, this connector is designed to withstand tough industrial environments, making it ideal for use in construction equipment and machinery.

Manufactured in Guangdong, China, this connector boasts CE certification, ensuring high quality and reliability. The product's coding system (A) allows for easy identification and installation, making it a convenient choice for various industrial settings.

Whether you need a straight or angled cable outlet, the KRONZ 7/8" Connector offers flexibility to meet your specific requirements. The connector is rated for a current of 8A, providing stable and efficient power transmission.

With a minimum order quantity of 5 pieces and negotiable pricing, this connector is accessible for both small and large-scale industrial projects. The packaging details include polybag packing for added protection during transportation.

Customers can expect prompt delivery within 5-8 working days, supported by flexible payment terms such as T/T, Western Union, and MoneyGram. Additionally, with a supply ability of 100,000 pieces per month, you can rely on a consistent stock availability.

When it comes to product application occasions and scenarios, the KRONZ 7/8" Cable Connector excels in various industrial settings. Its reliability and durability make it suitable for industrial Ethernet connections in factories, manufacturing plants, and automation systems. Furthermore, the connector's robust design ensures reliable connectivity in construction equipment, making it an essential component for heavy machinery operations. Whether used in indoor or outdoor environments, the KRONZ Connector delivers consistent performance and secure connections.

In summary, the KRONZ 7/8" Cable Connector is a dependable choice for industrial Ethernet applications, construction equipment connections, and other scenarios requiring reliable and durable connectors.

ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors、 Inductive Sensors、 Capacitive Sensors、 Photoelectric Sensors、 Ultrasonic Sensors、 Industrial power supplies、 Industrial fieldbus、 RFID recognition systems、 Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices , and perfect after-sales service. Kronz's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

Support and Services:

Our Product Technical Support and Services team is dedicated to assisting you with any inquiries or issues you may encounter with our 7/8" Connector product. Whether you need help with installation, troubleshooting, or general product information, our knowledgeable team is here to provide you with the support you need.

Certifications

Packing and Shipping:

Product Name: 7/8" Connector
Description: High-quality 7/8" connector for various applications.
Package Contents: 1 x 7/8" Connector
Package Dimensions: 3" x 3" x 1"
Shipping Method: Standard Shipping
Shipping Time: 3-5 business days

Logistics and Payment

PayPal WESTERN UNION VISA T/T

TNT UPS SF EXPRESS 顺丰速运
FedEx Express EMS 全心全速全球 DHL

1. Samples and small orders can be shipped with fast shippment method, by air and by express. Bulk order will ship by sea,by air,by train,by truck etc.

2.We also can send the goods to your agent warehouse.

3. If you need any more shipping method, please feel free to contact with us.

Note:

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support.

We Are Happy to Serve You.
