

Power Applications 7/8" Connector With PVC Cable 7/8-16UN Pre-molded Cable Connector

Our Product Introduction

for more products please visit us on connector-industrial.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: M7803MA-2/P00K
- Minimum Order Quantity: 5
- Price: Negotiable
- Packaging Details: Polybag packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 100000 pieces per month

Product Specification

- Usage: For Power Applications
- Mating Cycles: >100
- Contact Nut Material: Brass, Nickle-plated
- Coding: A
- Pin: 3 Pin
- Rated Current: 8A
- Application: Industrial Automation
- Degree Of Protection: IP67
- Highlight: 7/8-16UN Pre-molded Cable Connector, Pre-molded Cable Connector

Product Description

Power Applications 7/8" Connector With PVC Cable 7/8-16UN Pre-molded Cable Connector

Product Specifications

Attribute	Value
Usage	For Power Applications
Mating cycles	>100
Contact Nut Material	Brass, Nickle-plated
Coding	A
Pin	3 Pin
Rated Current	8A
Application	Industrial Automation
Degree Of Protection	IP67

Product Overview

The 7/8" Connector is a high-quality Metal Shell Industrial Connector designed for industrial automation applications. With its durable construction and reliable performance, this connector is ideal for a wide range of industrial settings.

Constructed with a coding of A, this connector ensures secure and accurate connections, making it suitable for critical industrial processes. The contact surface material is brass with gold-plated finish, providing excellent conductivity and corrosion resistance for long-lasting use.

Key Features

- Product Name: 7/8" Connector
- Pin: 3 Pin
- Shielded: No
- Usage: For Power Applications
- Cable Length: 2 meter
- Wire Gauge: 3x0.15 (3x16AWG)

Technical Parameters

Parameter	Description
Contact Surface Material	Brass, Gold-plated

Housing Material	TPU, Black
Usage	For Power Applications
Wire Gauge	3×0.15 (3×16AWG)
Cable Outlet	Angled
Contact Resistance	≤5mΩ
Seal Material	FPM/FKM
Degree Of Protection	IP67
Thread Type	7/8" - 16UN

Applications

The KRONZ 7/8" Circular Connector is a versatile and reliable product suitable for industrial machinery, outdoor equipment, and electrical systems. Its vibration-resistant design and IP67 protection ensure reliable performance in challenging environments.

Available with cable lengths of 2, 5, 10 meters or custom lengths, with options for straight or angled cable outlets to suit various installation requirements.

ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors, Inductive Sensors, Capacitive Sensors, Photoelectric Sensors, Ultrasonic Sensors, Industrial power supplies, Industrial fieldbus, RFID recognition systems, Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices, and perfect after-sales service. KRONZ's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

Support and Services

Our technical support team provides assistance with installation, troubleshooting, and maintenance. We also offer product training, customization, and on-site support to ensure optimal performance.

Certifications

Packaging and Shipping

Each connector is securely packaged in a sturdy cardboard box with protective padding. We use reliable carriers with tracking information provided for all shipments.

Logistics and Payment

1. Samples and small orders can be shipped with fast shipment method, by air and by express. Bulk order will ship by sea, by air, by train, by truck etc.
2. We also can send the goods to your agent warehouse.
3. If you need any more shipping method, please feel free to contact with us.

Note:

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support. We Are Happy to Serve You.
