

PVC Cable Material 7/8" Connector for Long-Lasting Connections Circular Connectors

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: KRONZ
- Certification: CE
- Model Number: M7804F-5/P00K
- Minimum Order Quantity: 5
- Price: Negotiable
- Packaging Details: Polybag packing
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 100000 pieces per month

Product Specification

- Thread Type: 7/8
- Seal Material: FPM/FKM
- Degree Of Protection: IP67
- Cable Material: PVC, Black
- Pollution Degree: 3
- Contact Resistance: $\leq 5\text{m}\Omega$
- Contact Carrier Material: PA, Black
- Application: Industrial Automation
- Highlight: 7/8" Connector PVC Cable Material,
Long-Lasting Connections PVC Cable Material,
Circular Connectors PVC Cable Material

Product Description

Product Description:

The 7/8" Connector is a versatile and reliable heavy machinery connector designed for various industrial applications. This product features a contact surface made of high-quality brass with a gold-plated finish, ensuring excellent conductivity and durability. Available in different configurations, the 7/8" Connector comes in 3 pin, 4 pin, and 5 pin options with wire gauges of 3x0.15 (3x16AWG), 4x0.15 (4x16AWG), or 5x0.15 (5x16AWG). This flexibility allows you to choose the appropriate pin configuration and wire gauge based on your specific needs.

With a pollution degree rating of 3, the 7/8" Connector is suitable for use in environments where moderate pollution levels may be present. Its voltage rating of 600V makes it a reliable choice for various electrical applications that require a high voltage capacity.

While the 7/8" Connector provides robust connectivity, it does not come with shielding, making it ideal for applications where shielding is not necessary or desired. This product is designed to offer a secure and stable connection without the added complexity of shielding.

Overall, the 7/8" Connector is a top choice for heavy machinery applications that require a dependable and efficient connector solution. Whether you need a 3 pin connector, 4 pin connector, or 5 pin connector, this product delivers the performance and reliability you need for your industrial projects.

Features:

Product Name: 7/8" Connector

Pollution degree: 3

Ambient temperature: -25~+85

Insulation resistance: $\geq 100\text{M}\Omega$

Wire color: 1=BK 2=BU 3=BN 4=WH

Wire Gauge: 4x0.15 (4x16AWG)

KRONZ

Technical Parameters:

Cable Material	PVC, Black
Usage	For Power Applications
Housing Material	TPU, Black
Insulation resistance	≥100MΩ
Mating cycles	>100
Coding	A
Contact Nut Material	Brass, Nickle-plated
Cable Outlet	Straight
Seal Material	FPM/FKM
Wire color	1=BK 2=BU 3=BN 4=WH

Applications:

KRONZ 7/8" Connector is a versatile product designed for a wide range of applications in various industries. As a reputable 7/8" Connector Manufacturer based in Guangdong, China, KRONZ ensures that this product meets high-quality standards with CE certification.

With its robust construction and IP67 degree of protection, the 7/8" Connector is ideal for use in demanding environments such as outdoor installations, industrial machinery, and automation systems. The connector's contact nut material, made of brass and nickel-plated, guarantees reliable connectivity and durability.

One of the key application scenarios for the KRONZ 7/8" Connector is in the field of solar energy. Its compatibility with solar panels and equipment makes it an essential component for solar energy systems, ensuring efficient power generation and distribution. Whether used in straight or angled configurations, this industrial connector offers flexibility in installation and maintenance. The connectors are coded with A for easy identification and compatibility, streamlining the integration process.

Thanks to its reliable performance and high supply ability of 100,000 pieces per month, the KRONZ 7/8" Connector is suitable for both small-scale projects and large-scale industrial applications. The minimum order quantity of 5 units allows for flexibility in purchasing, while the negotiable price ensures cost-effectiveness.

Packaged in polybags for convenience and protection during transit, the delivery time of 5-8 working days ensures timely availability of the product. Customers can choose from a variety of payment terms including T/T, Western Union, and MoneyGram, making transactions smooth and convenient.

KRONZ

ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors, Inductive Sensors, Capacitive Sensors, Photoelectric Sensors, Ultrasonic Sensors, Industrial power supplies, Industrial fieldbus, RFID recognition systems, Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices , and perfect after-sales service. Kronz's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

Support and Services:

Product Technical Support and Services for the 7/8" Connector:

Our team of technical experts is available to assist with any product-related inquiries, troubleshooting, or support needs you may have. Whether you require assistance with installation, configuration, or maintenance, we are here to help.

Additionally, we offer a range of services to ensure the optimal performance and reliability of your 7/8" Connector. This includes product training, repair and replacement services, as well as customization options to meet your specific requirements.

Certifications

Packing and Shipping:

Product Name: 7/8" Connector

Product Description: High-quality 7/8" connector for seamless connection.

Features: Durable, easy to install, and compatible with various devices.

Package Includes: 1 x 7/8" Connector

Shipping: Standard shipping within 3-5 business days.

Logistics and Payment

1. Samples and small orders can be shipped with fast shipment method, by air and by express. Bulk order will ship by sea, by air, by train, by truck etc.
2. We also can send the goods to your agent warehouse.
3. If you need any more shipping method, please feel free to contact with us.

Note:

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support. We Are Happy to Serve You.
