Square-Photoelectric Sensor NPN BQ26-H2000N Ditection Distance 10-2000mm

Basic Information

• Place of Origin: Guangdong, China

Brand Name: KRONZCertification: CE

Model Number: BQ26-H2000N

Minimum Order Quantity:

Price: Negotiable
Packaging Details: Polybag packing
Delivery Time: 5-8 working days

Payment Terms: T/T,Western Union,MoneyGram

• Supply Ability: 10000 pieces per month

Product Specification

• Ditection Distance: 10-2000mm

Reaction Time: 1ms

• Control Output: NPN&PNP: Open Collector Output 24V,

Max.100mA(only For Main Unit) Residual

Voltage:1V

Output Option: LIGHT-ON/DARK-ON Is Controlled By White

Wire. Connecting The White Wire To GND Is DARK ON, Connecting The Brown Wire Or Leaving It Unconnected Is LIGHT ON

• Output Function: 1 Output Port,equipped With Short Circuit

Protection And Auto. Anti-interference

Function

Light Source: Red 635NM 4-element LED

Indicator: Green LED Indicator Indicates Power

Indicator, Red LED Indicates Output

Power Consumption: Standard Mode: Max. 300mW, Max. Voltage:

24V

Product Description

The **BQ26-H2000N** is a high-performance square-type photoelectric sensor engineered for medium- to long-range object detection. Featuring a **detection distance of 10 to 2000mm**, this sensor offers a wide sensing range in a compact housing, making it suitable for a variety of industrial automation applications.

With NPN open collector output and robust ambient light immunity, the BQ26-H2000N ensures stable and reliable operation even in challenging environments. It is easy to install with standard mounting options and includes a visible status indicator for convenient alignment and status monitoring.

Features:

Detection Distance: 10mm to 2000mm (adjustable depending on target reflectivity)

Output Type: NPN open collector for sinking input control systems
Sensor Type: Diffuse reflective (no need for external reflector or receiver)

Compact Square Housing: Durable and space-efficient design Fast Response Time: Ideal for high-speed object detection Operation Indicator: LED for visual status confirmation

Ambient Light Immunity: Performs reliably in variable lighting conditions Wide Voltage Range: Compatible with standard 12–24V DC control systems

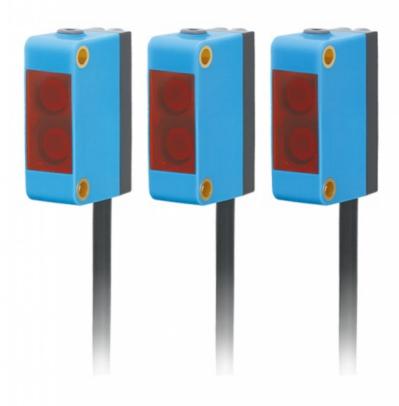

Easy Installation: Standard mounting holes for brackets or panels

Technical Parameters

commount arannon	,,,
Ditection Distance	10-2000mm
Reaction Time	< 1ms
Control Output	NPN&PNP: open collector output 24V, Max.100mA(only for main unit) residual voltage:1V
Output Option	LIGHT-ON/DARK-ON is controlled by white wire. Connecting the white wire to GND is DARK ON, connecting the brown wire or leaving it unconnected is LIGHT ON
Output Function	1 output port, equipped with short circuit protection and auto. anti-interference function
Power	12 to 24VDC±10%, floating ratio(P-P):Max.10% L2
Light Source	Red 635NM,4-element LED
Indicator	Green LED indicator indicates power indicator, red LED indicates output
Power Consumption	Standard mode: Max. 300mW, Max. voltage: 24V
Ambient Light Level	Incandescent light: Max. 20,000lux, Sunlight: Max. 30,000lux
Ambient Temperature	-10 to +55°C , no freezing
Vibration Resistance	10 to 55Hz, double amplitude: 1.5mm, X,Y,Z axis are 2 hours respectively

Company Profile

ABOUT US

KRONZ is a manufacturing enterprise located in Zengcheng District, Guangzhou City. We focus on providing customers with high-efficiency industrial automation solutions and related industrial products. After many years of innovation and development, KRONZ has complete product processing equipment and a professional team who are proficient in various automation technologies.

In order to improve the quality of products and production efficiency, we continue to introduce advanced production equipment and technology, strengthen investment in research and development. At present, our main products include Industrial Connectors. Inductive Sensors. Capacitive Sensors. Photoelectric Sensors. Ultrasonic Sensors. Industrial power supplies. Industrial fieldbus. RFID recognition systems. Industrial Ethernet Switches

We not only produce the orders of standard products, but also have ability to make customize production based on customer design drawings or samples.

Adhering to the principle of mutual benefit, we provide our customers with competitive prices, and perfect after-sales service. Kronz's products have been sold in multiple countries, have won the trust and praise of customers. KRONZ expect to collaborate with you.

OUR FACTORY

Certifications

Logistics and Payment

- 1. Samples and small orders can be shipped with fast shippment method, by air and by express. Bulk order will ship by sea, by air, by train, by truck etc.
- 2.We also can send the goods to your agent warehouse.
- 3. If you need any more shipping method, please feel free to contact with us.

Note:

Due to the wide range of our products, we cannot list all product pictures and corresponding product parameters. If you have other needs, please communicate with me. We can provide supplementary information and technical support. We Are Happy to Serve You.
