Product Description

M12 4-Pin A-Coded Y-Distributor Connector IP67, 1x Male to 2x Female Distributor for Industrial Sensors

Optimize your industrial connectivity with our M12 4-Pin A-Coded Y-Distributor. This robust splitter cable efficiently branches one M12 male plug into two M12 female ports, allowing you to connect two sensors or devices from a single cable run. It is the perfect solution to simplify wiring, save space in control cabinets, and reduce installation costs.

Built for demanding environments, this distributor features a high IP67 rating, guaranteeing complete protection against dust and water ingress.

The connector uses the standard 4-pin A-coding, ensuring broad compatibility with a wide range of industrial sensors, actuators, and automation equipment. Its brass, nickel-plated contacts and secure locking nuts provide a stable, vibration-resistant connection.
